Addressing Guide

To locate a specific street or major road please refer to the Street Index in the back of this atlas.

Because of space limitations, some streets on certain map pages are referred to by number. The names of these streets are listed by map and key numbers in the Numbered Street Key in the back of this atlas.

The major address blocks are shown within the individual detailed atlas maps in bold blue type. These address numbers are located along the township-range lines. Numbers preceded by a "G" follow Green Valley addressing conventions. "C" indicates Corona de Tucson addressing conventions.

Scale

Due to the geographic nature of the atlas data, map scales are approximate and may vary. The approximate map scale of each page is 1:40000, unless noted at the lower left corner of the page.
